

EASTON

**LANDSCAPING AND  
FENCING REQUIREMENTS**

QUALICO<sup>®</sup>  
communities

- **The intent of the landscaping requirements is to provide a consistent standard for the community while allowing the homeowner flexibility with their individual landscaping style**
- Front yard landscaping is to be completed within one year of the approved rough grade certificate date. If landscaping has not passed within 3 years of the approved rough grade certificate, the landscaping deposit will be forfeited
- Builders are responsible for doing the landscaping on all Townhome lots
- Inspections are weather dependent and will commence once plant material has come out of dormancy. Inspections will cease once the majority of plant material has gone into dormancy, (i.e. leaves are no longer on trees or shrubs)
- The accepted minimum standard is to consist of:
  1. Topsoil to be installed to a minimum depth of 4" for all front, side and rear yard areas, and
  2. SOD in the front yard from the front of the house to the curb or sidewalk (seed is not acceptable). Artificial Turf is permitted as long as material and installation are of high quality; and
  3. Additional plantings as noted in table below to be planted in the front yard:

Home Style	Deciduous Tree Number & Size		Coniferous Tree Number & Size		Shrubs Number & Size
Single Family - Front Garage	1 @ 1 3/4"	or	1 @ 6'	or	7 @ 24"
Single Family - Rear Lane	1 @ 1 3/4"	or	1 @ 6'	or	7 @ 24"

**Quick Tips**

- **Deciduous Trees** are measured at 6" above ground and based on trunk width (caliper). Move aside any rocks/wood chips surrounding the base of the tree to allow for an accurate 6" measurement from the ground.
- **Coniferous Trees** are: Fir, Larch, Pine or Spruce. These trees are measured by height. (columnar or pyramid cedars are considered shrubs)
- **Deciduous shrubs** are measured by height and Coniferous shrubs are measured by spread or height.
- **Shrubs** are to be a **combination** of Deciduous and Coniferous and planted in a mounded shrub bed topped with mulch or landscaping rock. Perennials can be used in place of deciduous shrubs and are measured by height. For example: Cedar, Juniper, Lily, Peony, Rose Bush = 5 shrubs - 2 are Coniferous, 2 are Perennial (which count as Deciduous) and 1 is Deciduous
- **Pie Lot Option:** Pie lots are not required to have Sod in the front yard but are to have finishing landscaping material and 5 shrubs @ 24" (combination of Deciduous and Coniferous).

Homeowners wishing to reduce water usage might consider a front yard that has been designed specifically for water conservation. We recommend that homeowners research trees and shrubs that are suited for Xeriscaping along with materials that help with drainage and evaporation.

- The following must be incorporated in front yard if Xeriscaping is being used:
  1. Mulch and Landscaping Rock (**black and grey rock will not be permitted as the primary hard landscaping material; consideration may be given for use as an accent only**); and
  2. Additional plants as noted in the table below to be planted in the front yard (planting in the swale area / driveway side will not be considered as part of the shrub count);

	Deciduous Tree Number & Size		Coniferous Tree Number & Size		Shrubs Number & Size
Option #1	1 @ 1 3/4"	or	1 @ 6'	&	10 @ 24"
Option #2	-	-	-	-	17 @ 24"

See "Quick Tips" on previous page for further information.

**Other**

Homeowners are responsible for installing a permanent address plaque or home addressing numbers. This will be a requirement of the landscaping inspection.

**LANDSCAPING DEPOSITS AND RETURN PROCEDURE**

- Homeowners are to contact their Builder once they have completed their front yard landscaping
- Please note that all plant material is to be the size stated above at time of inspection
- If landscaping fails and more than one (1) re-inspection is required, \$150.00 will be deducted from the deposit for each additional re-inspection
- Upon approval of the landscaping by Qualico, the landscaping deposit will be refunded to the Builder. It will be the Builder that issues the landscaping deposit to the homeowner
